How to find us

From M54 J2:

Follow A449 towards Wolverhampton proceed over two traffic islands – the first is where the "Brammer" building is located, the second is where the "Wing Wah" is located. After the second traffic island proceed through two pelican crossings to a major set of traffic lights. (Oxley Moor Road will be the right hand turn at these lights). Remain in left-hand lane and proceed through these lights, The Pavilion is approximately 100 yards on the left hand side.

From Wolverhampton City Centre:

From the ring road pick up the A449 towards the M54, passing Wolverhampton Wanderers Football Ground on your right hand side, proceed to "Five Ways" traffic island (where "Wickes" and "Halfords" are located). Take the second exit at "Five Ways" and proceed straight on at a further three traffic islands (the third being ex-Goodyear Factory site now Akron Gate/Aldi). Proceed to the lights (watch out for the Speed Camera – 40 mph), The Pavilion is on the right hand side on approach to the lights. As there is no central reservation in the dual carriageway and no "U" turns at lights proceed through these lights to "Wing Wah" traffic island to double-back.
